

EverCommerce Announces \$50 Million Share Repurchase Program

June 15, 2022

DENVER, June 15, 2022 (GLOBE NEWSWIRE) -- EverCommerce Inc. (NASDAQ: EVCM), a leading provider of SaaS solutions for service SMBs, today announced that its Board of Directors has approved a \$50 million share repurchase program, under which the company may opportunistically repurchase up to \$50 million of its common shares over the next six months.

"We are constantly evaluating our capital allocation priorities to maximize shareholder value," said Eric Remer, Chairman and CEO of EverCommerce. "We believe share repurchases are an accretive and attractive use of capital and our strong organic growth and margin profile provides the excess free cash flow to fund the program. Together with our Board of Directors, we will continue to assess the best use of capital both during and after the six-month time horizon of today's authorization."

Repurchases under the program may be made from time to time in the open market at prevailing market prices or in negotiated transactions off the market. Open market repurchases will be structured to occur within the pricing and volume requirements of Rule 10b-18. The company may also, from time to time, enter into Rule 10b5-1 plans to facilitate repurchases of its shares under this authorization. This program does not obligate the company to acquire any particular amount of common stock and the program may be extended, modified, suspended or discontinued at any time at the company's discretion. The company expects to fund repurchases with cash on hand.
